## F.A.Q's

### 1. Can customers overseas use this service?

Anyone with a cell phone who can send a text message can use the service. If your cell phone has a data plan (mobile internet), you can have even more functionality.

### 2. Can any cell phone be used?

Any cell phone can be used for texting. To enjoy more functionalities, the phone must have a browser and meet minimum specifications (WAP2 enabled). Most phones manufactured after 2004 are suitable.

### 3. What can I do with MoBanking?

- Make balance enquiries
- Transfer funds between accounts
- Pay utility and other vendor bills
- Pay loans
- Set up alerts
- Request information from your bank
- Ask your bank to contact you

### 4. Can Businesses use this service?

Yes. Ask your local branch representative how your business can best benefit from MoBanking.
